No other B2B data supplier’s research is as thorough as ours!

Market Monitor, sister company to Prospect Swetenhams, has been providing quality business contact data to direct marketing professionals for over 21 years, building a reputation for accuracy of data and customer service that is second to none. In fact, a reassuring 85% of our business comes from repeat orders –proof that our contact information delivers results.

Email.prospect is a brand new email business contact database that has been carefully researched and telephone- verified by Market Monitor. Covering a wide range of industries and sectors, the database offers individually verified email addresses of over 220,000 key decision makers in businesses across the UK.

For more precise targeting, email contacts can be selected by a wide range of criteria, including job responsibility, geography, company size, turnover or activity.

Whether you want to use these email contacts for a stand alone campaign, or as part of an integrated direct marketing plan, we can accommodate your needs. We offer competitively priced packages for email data only, email and mail data, and email and phone data - all telephone-verified for absolute accuracy.

And to ensure that you get the very best from your email campaigns, we have teamed up a leading email broadcasting house in order to deliver the sophisticated level of feedback you need for accurate email campaign response analysis.
